

Landscape Irrigation Contractors and Backflow Installers

Below is a partial list of landscape irrigation contractors and backflow prevention device installers serving the Park City area and nearby communities. This list is provided by Gorgoza Mutual Water Company for informational purposes only and does not imply endorsement or certification of qualifications. Additional service providers may be found through an online search.

Please note: Not all installers are certified to test backflow prevention assemblies. You will need to arrange testing with a certified backflow technician.
